Why not pop in to one of our shops and see for yourself the fantastic selection of goods available. You will be given a warm welcome and by purchasing or donating goods, you will be helping Norwood to raise funds for disadvantaged children, their families, vulnerable young adults and people with learning disabilities.

Unlike many of Norwood's competitors, it is our policy to only sell donated stock. We do not buy in goods, so we are able to sell them at a lower price.

We would not be able to run our shops without the help of our volunteers. If you would like to volunteer to help run our shops, please get in touch. Our shops are operated by a manager, experienced in the retail sector, and various volunteers.
