NORWOOD
Adoption

Norwood Adoption

Nowadays, it is very rare for babies to be put up for adoption. However, there are many young children, aged two and above, who are in need of a nurturing, loving and secure home.

You could be just the person or couple to change a child's life.

Norwood runs a highly successful voluntary adoption agency and we will provide you with a comprehensive and personalised service.

We work with Local Authorities throughout the UK to find suitable homes for children that need them.

Our experience shows that, once you understand the process, you are able to make clear and informed decisions with the help of our dedicated and responsive staff.

Our service

- Welcomes enquiries from couples and single people regardless of sexuality, race, religion or disability.
- Offers a sensitive appraisal of your suitability to adopt.
- Is available to all potential adopters within approximately an hour's travel from our offices in North West London (HA7 4HB).
- Holds regular information meetings, followed by individual interviews to explore all available options.
