

Gabriella's Story

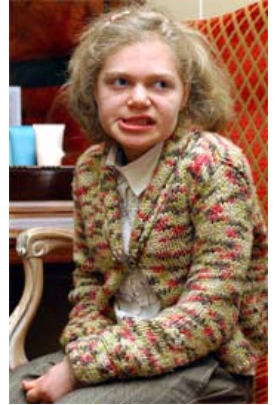

Gabriella needs help to do everyday things like getting dressed, washed and eating. Her family couldn't cope with looking after her by themselves and got in touch with Norwood.

Now, Gabriella goes to Norwood's Buckets and Spades where she stays overnight, and is looked after by wonderful staff. When she is there, Gabriella enjoys playing in the park, going shopping and going on outings with other children. Here parents get a break from looking after her which means that they have more time to play with their other children.

Gabriella also goes to Norwood's Unity club where she has made friends and enjoys activities - like canoeing, abseiling and discos, that are specially adapted so that she can take part.

The money you raise ensures that Norwood can continue to provide essential support to children, families and individuals, every step of the way.
