

Norwood - The first 200 years DVD

Following Norwood's 200 year anniversary, Norwood was awarded a grant in 2000 from the Heritage Lottery Fund in order to continue preserving our archives. Part of the money was utilised to put together a film charting Norwood's 200 years of rich and vibrant history.

Norwood - The first 200 years traces the history of the organisation from 1795 and the Jews' Free Hospital in Mile End Road to the present day.
