

What About the Children?

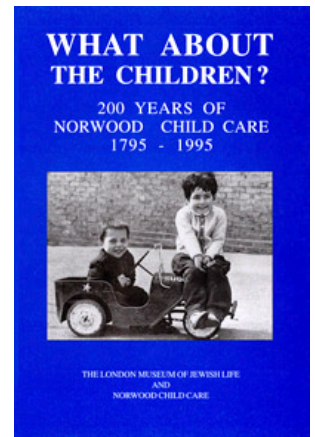

What About the Children? 200 Years of Norwood Child Care

This wonderful account was compiled in 1995 by the London Museum of Jewish Life and Norwood Childcare (as they were named at the time).

This book would not have been possible without the generous help, support and contributions from various people, including some that lived at the Norwood Orphanage.

As the book has been scanned, the file size is very large (7Mb), and therefore may take some time to download and open.
