

## Dr Danya Glaser

Dr Danya Glaser MB BS, DCH, FRCPsych, Hon FRCPCH, is honorary consultant child & adolescent psychiatrist at Great Ormond Street Hospital for Children, London and visiting professor at UCL. She is currently working on the early recognition of fabricated or induced illness. Previously a developmental paediatrician, at Great Ormond Street Hospital she was named doctor for child protection and for many years headed an integrated child protection service working respectively with the identification and treatment of emotional abuse; providing multidisciplinary assessments for Children Act proceedings as an expert witness and a post protection team working with children who have been seriously maltreated and their current, often new carers. She was a member of the Family Justice Council for 6 years and chaired the Development Group for the NICE Guideline 'When to Suspect Child Maltreatment'. Dr Glaser has taught, researched and written widely on various aspects of child maltreatment including sexual and emotional abuse, fabricated or induced illness; and the effects of child maltreatment on the developing brain. She is updating her co-authored book on the evidence base on Attachment and Attachment Disorders. Dr Glaser is past president of ISPCAN. She chairs Coram adoption panel.
