

Trustee Board

Norwood is governed by a Trustee Board of up to twelve members. The Trustee Board decides on the strategy, which is implemented by the Chief Executive and three Directors (together called the [Directorate](#)).

The Trustee Board delegates some of its work to committees which are made up from Trustees and a pool of voluntary experts with relevant skills and experience. Together, these lay leaders provide a vital additional resource to Norwood, assisting with governance and supporting the Directors and their teams.

Norwood's Board of Trustees 2011
